

PRODUCT INFORMATION

CLASS 1 REFLECTIVE TAPE

Description:

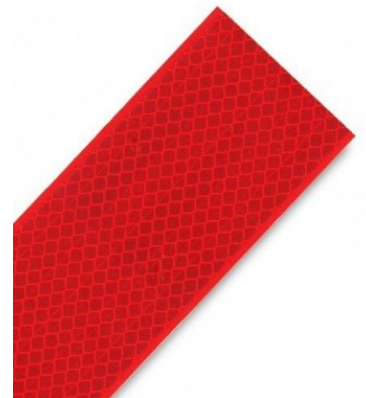

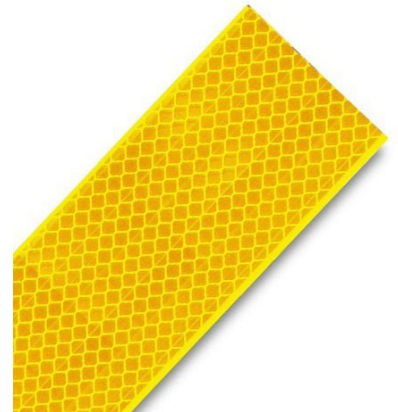

High intensity diamond grade retroreflective red and yellow tape
Tape is highly reflective, extremely durable and easy to handle
Offers superb long distance night time reflectivity and visibility as the retroreflective surface sends a high proportion of light back rather than scattering the light

Dimensions:

50mm x 46metre rolls or sold by the metre

Applications:

Suitable for internal and external uses
Strong adhesive is designed for application to painted, aluminium or steel surfaces (surface should be clean and dry prior to application)
Suitable for marking vehicles and equipment for mining, industrial, construction, airports, maritime, ports and residential applications
